User Experience
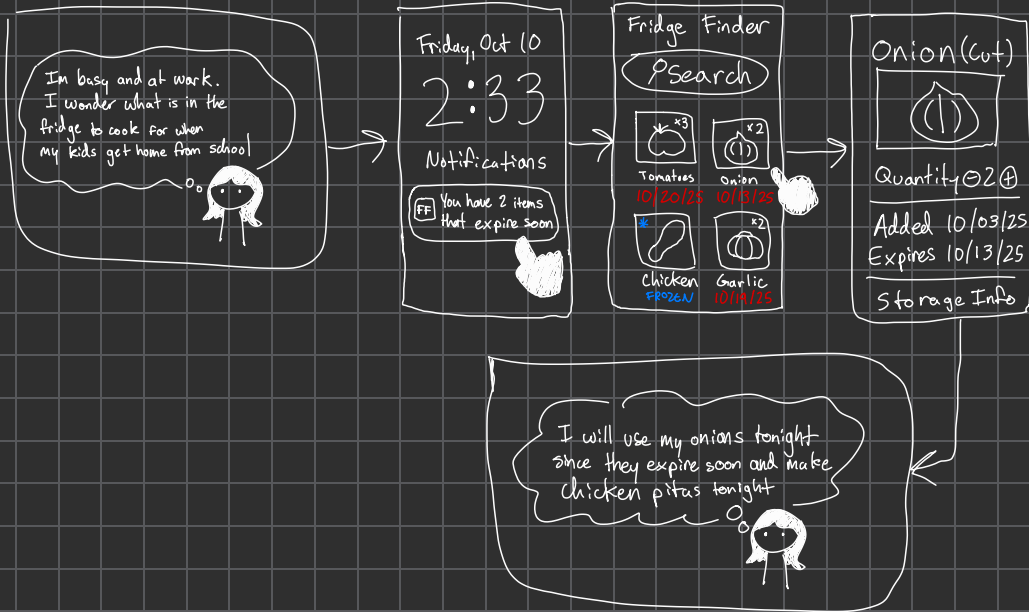

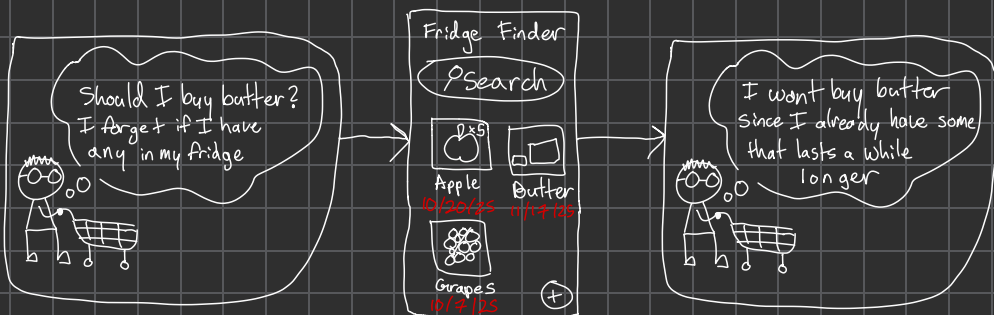

Key Scenario #1) A busy parent checks the app to see what ingredients are close to expiring and plans dinner before heading home

I'm busy and at work. I wonder what is in the fridge to cook for when my kids get home from school

Tomatoes x3 — 10/20/25
Onion x2 — 10/13/25
Chicken — FROZEN
Garlic x2 — 10/19/25

Onion (Cut)
Quantity ⊖ 2 ⊕
Added 10/03/25
Expires 10/13/25
Storage Info

I will use my onions tonight since they expire soon and make chicken pitas tonight

Key Scenario #2) A student uses Fridge Finder to avoid buying duplicates by checking whats already in their fridge

Should I buy butter? I forget if I have any in my fridge

Fridge Finder
🔍 Search

Apple x5 — 10/20/25
Butter — 11/14/25
Grapes — 10/7/25
⊕

I wont buy butter since I already have some that lasts a while longer
